

Two-day First Aid at Work Course (Requalification)

Description

It is a requirement of the Health & Safety law that employers should provide a safe and healthy environment in which to work. If the assessment of First Aid requirements highlights the need to maintain qualified First Aiders, then this course will continue to provide suitable, highly trained personnel.

A wide range of First Aid emergencies is covered in this comprehensive 2-day course, enabling all participants to deal with an emergency situation with confidence in a prompt, safe and effective way. In addition to this, should there have been any change to protocols during the participant's initial qualification, then this will be updated.

This course will give the participants a qualification to the highest level of First Aid, meeting the statutory requirements of the Health and Safety (First Aid) Regulations, 1981.

Duration

A minimum of 12 hours spread over at least 2 days. Ideally, the course should be run over 2 consecutive days, but Caledonia has the flexibility to accommodate your specific needs should you so desire.

Syllabus

A wide range of subjects is covered including:

Legalities, responsibilities and reporting	Assessment of the situation
Dealing with an unconscious casualty	Resuscitation
Heart attacks	Choking
Poisoning	Control of bleeding
Bandaging	Fractures
Burns	Head injuries
Eye injuries	Sprains
Strains	Shock

Certification

Subject to assessment, all participants will be issued with a First Aid at Work Certificate and wallet card approved by the Health and safety Executive for a further 3 years. Caledonia First Aid trainers and assessors are qualified and approved by the Health and Safety Executive.

Numbers

A maximum 10 students can be accommodated on this course and each participant must be aged 16 years or above.

Location

If the premises are suitable, it may be possible to deliver this course on the client's site, or within Caledonia's Training and Development Centre if preferred.

All Caledonia First Aid trainers and assessors are approved and qualified to train and assess all Health and Safety Executive approved and recognised courses.

Certificates are issued by Health and Safety approved provider number 29/99.
