

Half-day Emergency Response Course

Description

This is a short course in Basic Life Support for individuals who wish to gain an insight into emergency procedures.

The aim of the course is to enable all participants to deal effectively with an unconscious casualty who is breathing, and how to deal with an unconscious casualty who is not breathing

Duration

A 3-hour course consisting of theoretical and practical work.

Syllabus

A wide range of subjects is covered including:

Arriving at the scene	Casualty assessment
Top-to-toe survey	Recovery position
Resuscitation	Hygiene control

Certification

Although there is no formal assessment, there will be ongoing assessment of the individual by the trainer throughout the course. All successfully assessed participants will receive a Certificate of Attendance.

Numbers

A maximum 10 students can be accommodated on this course and each participant must be aged 16 years or above.

Location

If the premises are suitable, it may be possible to deliver this course on the client's site, or within Caledonia's Training and Development Centre if preferred.

All Caledonia First Aid trainers and assessors are approved and qualified to train and assess all Health and Safety Executive approved and recognised courses.

Certificates are issued by Health and Safety approved provider number 29/99.
